Game Programming - Intro Course Instructor

Mar. 2022 to Apr. 2022, Mar. 2022 to Apr. 2022

Basic intro course to show the ropes of the first week of AIE. It gives interested students a small taste of what it is like at AIE. In the course, they learn basic knowledge of C#.

## Projects

A Little NoteBoat

Jan. 2021 to June 2021

This was a team project made during first-year production at AIE. It gave us the knowledge of how to work as a team to create a game. During that time I worked on player movement and power-ups in Unity.

Doom Buggy

Jan. 2022 to June 2022

For Second-Year production, we created a demolition derby game to show off our skills in the Unreal engine. my contribution to this project was working on physics and AI.

Sugi: On A Roll

Mar. 2021 to Mar. 2021

Sugi is a project to a game jam that lasted a week. I worked on the player movement and level building. This was the first group project I had fun making and it helps with me learn how to work in a group.

## Awards

Robin L. Couvillon, Joelle Boudreaux · Outstanding Graduate Award

July 2022

This award is given to one student who showed leadership, vision, and dedication in the classroom

## Activities

Success Center · Tutor

Mar. 2021 to Mar. 2022

I helped teach students that were struggling with specific parts of the coding curriculum, whether it was from what a function was to how to code a binary tree. This activity allowed me to also teach newcomers that are interested in AIE.
